

Subscribe to the Willett Listserv

The Willett PTA newsletter *Who's News* is email-only (except for a few special paper issues throughout the year)

The Willett email group, or listserv, is a means of communicating by email with those in the Willett community who choose to subscribe. Its primary purpose is to distribute the PTA weekly newsletter *Who's News*, but it is also used for reminders of important school-related events for urgent school communications. The Willett listserv is a project of the PTA and is administered by a parent volunteer working in association with the school administration.

Two years ago, *Who's News* became an email-only publication. For the first few weeks of school this year, the PTA will publish a paper version until we have all new families added to the Willett listserv, and then we will return to the email-only format.

If you were previously subscribed to the listserv and have not changed your email address, your subscription continues this year.

If you are new to Willett, have never subscribed, or have changed your email address over the summer, subscribe now by going to:

<http://www.willettppta.org/emaillist>

You may subscribe more than one email address. Subscribe as soon as possible to start receiving *Who's News* and other information notices. Listserv questions may be directed to Daniel Segel at dsegel@gmail.com or at 530-753-0902.

Special note to Yahoo email users: to receive *Who's News*, you must add the PTA listserv email to your address book or the Yahoo spam filter will block the email. Please add this email address to your address book:

willettppta@velocipede.dcn.davis.ca.us.

If you do not have access to a computer and want to make arrangements for a paper copy, please call *Who's News* Editor Barbara Archer at 530-753-0902. Paper copies are also available by request from your child's teacher.
